Pa., as Second Class Matter

A SPLENDID OCCASION

The Monessen Board of Trade is entitled to congratulations for the splendid anniversary banquet which characterized the successful passing of their tenth milestone of existence. The committee planned well, and every detail of this very important event was carried out to the satisfaction of members and guests alike. The organization was honored by the Hon. Warren G. Harding, United States senator from Ohio. Hon. Thos. S. Crago, Congressman-at-Large from Wayneburg and by Judge James S. Beacom of the Westmoreland county Bench. All of these men were on the speaking program, but the speech of the evening was delivered by Senator Harding, who had a splendid message, filled with admonition as well as hope, who pointed out some of the dangers confronting the country, and who advocated a return to the Constitution and the simple life; to the performance of thrift, and the abandonment of extravagance. The Senator's address was gripping from start to finish, being frequently punctuated with tumultuous applause from the banqueters. It was a great occasion for Monessen, and served to show that it has a live commercial and business organization which can bring men of national prominence to advise and admonish and to urge upon all the necessity and the importance of fundamental law.

The appeal made by the Monessen Board of Trade for a more generous supply of box cars for the industries of that city would indicate that a shortage likewise exists in more kinds of cars than those used for hauling coal. Anyhow, where have the cars all gone to? Have they been shunted to other lines which had mighty little equipment a few years ago, and which are now well supplied at the expense of some other district? Once the railroads are turned back to their owners, which will be on the first of March probably, there will be a quick change in conditions and this district promises to get back some of the transportation equipment of which it has been so short for several months.

Germans of high degree, among those accused by the Allies of war crimes whose extradition is to be demanded, include the former Crown Prince and several more of the ex-Kaiser's sons. Among other distinguished names on the list are those of Prince Rupprecht of Bavaria, the Duke of Wurtemberg, other Princes and titled officers, Von Bethmann-Hollweg, former Imperial Chancellor, General Hindenburg, General Ludendorff, and General von Mackensen. That all or any of these will be voluntarily surrendered by the German government is hardly to be expected. Pressure in some form by the Allied governments will undoubtedly be necessary.

President Wilson threatens to "balk" on the agreement made between Great Britain, France and Italy on the Fiume question, and says America will not agree to the disposition of the case made by the trio. As we are not yet a member of the league of nations, and as the league is formed and is functioning, will its deliberations and decisions have to be held up because we are not yet satisfied with the conditions imposed?

Attorney General Palmer threatens to run for President on the low platform. As he is promising lower living conditions and has produced nothing, he will be able to see his finish before he begins.

"Horse and Horse." "Horse and horse" is a term that describes the state of equality of two persons in a rowing race. It is applied specifically to dice throwing and where the contestants have each one winning cast to their credit.

How the News Was Learned. It is not known just how the historians learned that Cortez discovered Mexico—whether some one told him or whether he broke down and confessed.—Nashville Tennessean.

Notice To Road Contractors.

Sealed proposals will be received by the County Controller at Washington, Pa., until 12 o'clock noon, March 4th, 1920 and opened at 1 p. m. on the same day in the office of the County Commissioners for the resurfacing with reinforced concrete of the following sections of roads: Said sections of roads will be improved as provided by an Act of Assembly of May 11, 1911, known as the Adams bill.

Plans, specifications and proposal blanks may be seen at the County Engineer's office.

The sections of road above referred to are as follows:

1. Charleroi-Bentleyville Road, beginning at the Boro line of Bentleyville and extending eastwardly 1.75 miles, containing 16,700 sq. yds. more or less.

2. The Shaft Road beginning at the Boro line of Washington and extending northwardly a distance of 0.71 miles, containing 6,640 sq. yds. more or less.

3. Meadowlands-Houston Road beginning at the Penna. Railroad tracks in Meadowlands and extending northwardly a distance of 0.77 miles, containing 7,200 sq. yds. more or less.

4. Houston-West Middletown Road beginning at the Boro line of Houston and extending westwardly a distance of 1.44 miles, containing 13,500 sq. yds. more or less.

A certified check for \$1,000 must accompany each bid and the right is reserved to reject any or all bids.

Tribute to Great American.

Carlie and a friend were walking a street in London many years ago, and suddenly Carlie gripped his friend's arm and said: "Who is that man that passed?" And the friend replied: "That is Daniel Webster of Massachusetts." And Carlie said: "He looks like a walking cathedral."

Woman's Reserve Power.

Nobody else can leave the impression of holding in reserve so much detailed knowledge of the utmost importance as a neighbor woman when she tells you that some other neighbor woman concerning whose health you inquire is doing as well as could be expected.—Ohio State Journal.

Putting His Luck to the Test.

In old Japan, when a man wanted to get a wife, he went to the house of the girl whom he fancied and threw one of his shoes into the yard. If the shoe was picked up and taken inside by her, he looked for a favorable issue; but if it were cast out again he went away disconsolate.

"It sounds like irony to call a boat 'she,'" remarked the Observer of Events and Things, "when one considers how easy it is for a man to man a one."—Tonkers Statesman.

He Locks Umbrella.

A London cafe attendant is the inventor of a combination lock to encircle an umbrella and prevent it being opened by a person ignorant of the combination.

Too General Condemnation.

The average man's idea of "a fat-lacy" is any proposition not calculated to promote the interests of his own particular line of business.

Get Rid of That Persistent Cough

Stop that weakening, persistent cough or cold threatening throat or lung affections, with Eckman's Alternative, a tonic and upbuilder of 20 years' successful use. 50c and \$1.50 bottles from druggists. ECKMAN LABORATORY, Philadelphia

Imitation of Precious Stones.

The art of it is more difficult to imitate than is the diamond. But from artificial corundum, sapphire and chrome garnet, rubies can be made, and very cheaply. In the coloring agent, chromium oxide, the product becomes a genuine artificial sapphire.

Not Easy to Practice Thrift.

Thrift begins with trifles and leads to great economy. Thrift teaches us to begin saving just a little when you have plenty. It is so much easier to spend the whole sumptuous meal week to week and from month to month while things are coming easy.

Turkish Antiques.

There is a craze in the Turkish empire prohibiting the exportation of relics and antiques more than a hundred years old. Real objects of art of sufficient age to be of value are rarely to be purchased.

First Examine Good Qualities.

We are firm believers in the maxim that for all right judgment for any man or thing it is useful, nay essential, to see his good qualities before pronouncing judgment on his bad.—Carlyle.

FOR INDIGESTION

To Get up in the morning tired and unrefreshed, with a dull, heavy head, often amounting to headache, to feel low-spirited and "blue"—are symptoms of self-poisoning by food poisons, not neutralized or eliminated by bowels, liver and kidneys acting in harmony.

Beecham's Pills
help to remove the cause of this trouble. They act gently and safely, but also very efficiently.

Sold by druggists throughout the world. In boxes, 10c., 25c.

Why More Small Cars Come Equipped With Goodyear Tires

Last year, more small cars, using 30 x 3, 30 x 3 1/2, or 31 x 4-inch tires, were factory equipped with Goodyear Tires than with any other kind.

This is plainly a result of the high relative value produced in these small-car tires by Goodyear's enormous resources and scrupulous care.

They represent the same intense endeavor to supply utmost satisfaction in tires that has laid the basis for the marked preference which exists everywhere for Goodyear Tires in the larger sizes.

This real Goodyear value in tires is available for your Ford, Chevrolet, Dort, Maxwell, or other small car, at our nearest Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

30x3 1/2 Goodyear Double-Cure
Fabric, All-Weather Tread\$20.00
30x3 1/2 Goodyear Single-Cure
Fabric, Anti-Skid Tread\$17.65

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water—\$3.90 proof bag.

GOODYEAR

CLEARANCE SALE

Men's Suits and Overcoats

This is a real genuine Clearance Sale. We never sold so many Suits and Overcoats. There is a reason. With the price of men's and boys' clothing for spring almost double and the chances for the coming fall being higher every man that buys a suit or overcoat sends in a friend to get a bargain. As one man said yesterday, he did not consider he was paying for a suit but that we were making him a present of one. Better come in and let us show you a real bargain.

One Lot of Men's Overcoats

This lot includes quite a number of good, warm, serviceable coats, mostly light colors, formerly sold at \$20 and \$25, and could not be bought wholesale today for those prices. Clearance Sale Price..... **\$10.75**

WANTED—Washing by the day. Address Annie M. Lusk, Belle Vernon, Pa. 217-tf

Getting Gold Out of Australia. Australia forbids the export of gold without authority, but the Chinese who go back to their own land on a visit show considerable ingenuity in taking away the coveted sovereign. Recently customs inspectors made a rich haul in a raisin jar, the back of a shaving mirror, an alarm clock and the leather band of a hat. The Chinese cheerfully paid the fines imposed on them and were delighted when the confiscated gold was returned to them.

Wasn't Going to Touch Any. It was tea time and Billy came to the table with soiled hands. Mother immediately told him to leave the table. "Why," said she, "you must be washed. I wouldn't think of letting you touch a piece of bread with such hands." The child made no attempt to leave. He evidently concluded he could remain just as he was, for he said: "O, that's all right, mamma; that's all right. I didn't want bread anyway."

If every home—we have 20,000,000 of them—should waste on the average one-half cup of milk daily, it would mean a waste of 2,500,000 quarts daily—912,500,000 quarts a year—the total product of more than 400,000 cows.

Rights Conferred by Freedom. In a free country every man thinks he has a concern in all public matters—that he has a right to form and a right to deliver an opinion on them.—Burke.

On Doing Right. I think it is better to do right, even if we suffer in so doing, than to incur the reproach of our consciences and posterity.—Robert E. Lee.

Make it a Southern State. It is estimated that the state of Mato Grosso in Brazil alone ultimately can grow 20,000,000 bales of cotton annually.

LYCEUMS LOSE TO AN OLDER TEAM

The Lyceum Midgets lost to the Townsends of Meersburg on the Lyceum floor last night by a score of 21 to 23. The Lyceum will average under 14 years of age, while the Townsends are from 16 to 17 years. The Lyceum has lost two games to the same team this year. They are out for the championship of Charleroi and would like to arrange games with any team disputing their claims. The line-up:—
Lyceum—21
Mahoney F
Kotzer F
Shepard C
Hendershot G
Sedgwick G
Townsends—23
Cook F
Gessent F
J. Piller G
Sickel G
P. Piller G
Goals—Mahoney 5, Kotzer, Shepard 2, Hendershot, Cook 3, Piller 3, P. Piller 3. Fouls—Kotzer 1 out of 2; Mahoney 1 out of 2.

Theodore's Bright Idea. Theodore was fond of olives, but his father had forbidden him to eat them. At dinner one day during his father's absence, a large dish of olives had been placed near Theodore's plate. He looked at it longingly and said: "Mamma, let's play a joke on daddy and eat some olives."

Ancient Perfume. It seems strange to read of saffron as a perfume, but such it was almost universally, and an element of "romance" about it lies in the story told by Hakluyt of a pilgrim smuggling, at the risk of his life, from the Levant, a head of saffron in a hollow made in his staff.

Dogs in Warfare. Airedales are accounted one of the best breeds of war dogs. When the Airedale detects the foe he makes no fuss; he merely makes a low growl and stiffens his body—hints sufficient for the human sentinel, who immediately puts his dumb friend's advice to good account.

Swingknives. A swingknife is a wooden sword, 18 to 24 inches long and 8 to 10 inches broad, used to serve the woody portion from flax, a handful of which hangs over a groove in the standing board known as the swingstock. Swingknives are still used in the manufacture of flax in parts of the Old World, but modern machinery has pretty generally displaced them.

Burmese All Fond of Tobacco. It is commonly asserted that the Burmese all smoke, and that Burmese babies cry for a cigar instead of crying for the moon. This is not so. But it is quite common to see a lot of little boys and girls in the street making mud-pies and puffing away at big cigars with equal enthusiasm.

FARM BUREAU MEETING AN IMPORTANT EVENT

The meeting of the Farm Bureau at Washington on Friday next will be one of the most important affairs of the kind ever held in the county, and a large attendance of those interested is expected from every part of the county. State specialists will be there to discuss various subjects pertaining to every phase of farm and live stock activity.

Codfish Had Swallowed Watch. The fishing smack Hoolenham, Capt. S. H. Hoolenham, of Essex, Vt., had among several interesting marine relics, a lady's gold watch, taken from the stomach of a codfish near the coast of Nantucket, Mass. The timepiece is marked on the interior of the case, "Bergee, No. 5722, London, England," and no date. It is in a perfect state of preservation, with the hands marking 12:15 o'clock.—The New England Fisheries.

About the Swingknife. A swingknife is a wooden sword, 18 to 24 inches long and 8 to 10 inches broad, used to serve the woody portion from flax, a handful of which hangs over a groove in the standing board known as the swingstock. Swingknives are still used in the manufacture of flax in parts of the Old World, but modern machinery has pretty generally displaced them.

No man can be happy when he despises his own acts, when he has any consciousness of wrong, whether of motive or act. No man can be happy when he harbors thoughts of revenge, jealousy, envy or hatred. He must have a clean heart and a clean conscience, or no amount of money or excitement can make him happy.—Exchange.

Burmese All Fond of Tobacco. It is commonly asserted that the Burmese all smoke, and that Burmese babies cry for a cigar instead of crying for the moon. This is not so. But it is quite common to see a lot of little boys and girls in the street making mud-pies and puffing away at big cigars with equal enthusiasm.

FEAR BRAKEMAN HAS BEEN DROWNED

James Smith, aged 21 years, a brakeman on the Monongahela railroad, disappeared from his crew Sunday morning about 4 o'clock while he was throwing the switches on the bridge at Brownsville junction and it is the supposition that he slipped and fell through the bridge to the river below. He was not missed by the crew until about an hour after. His lantern was found sticking to the ties on the east end of the bridge at the second pier and later his cap was found in the river.

Smith had been employed by the Monongahela railroad for the past four years and he had been a brakeman but a few days. He was the son of Samuel Smith of South Brownsville. A search is being made by the railroad authorities for the body.

UNUSUAL CASE

Continued from page 1.

it and at the same time giving her a sum of money which she had in her possession, to be used for the benefit of the little one. Mrs. Kalkavich now has the child with her and will likely carry out the last request of the mother.

W. R. Stevenson, deputy collector of internal revenue, who was in Charleroi for five days, assisting tax payers in making out their returns, closed his work here Tuesday evening, and for the next few days will be located at Monongahela. During the two days of this week Mr. Stevenson was quite busy in assisting Charleroi tax payers in making out the necessary papers.

WESTERN PENNSYLVANIA OIL & GAS CO., Inc.

MAKE YOUR DOLLARS EARN MORE

Give them a chance. Your own capital alone can only accomplish small results. Put your money into a Corporation that will do things and accomplish things in a big way. Where you will get immediate action on your money. We are not financing a Corporation where we will have to refund the stock for lack of capital. Why risk your money on hopes and promises? This Company's holdings consists of leases. NOT OPTIONS. We are not selling stock for a PROMOTION GAME, but it will be spent by reliable and experienced men and the drilling campaign which is now under way should result in the production of oil and gas that should make this stock worth at least \$500.00 in the course of 90 days.

900 ACRES UNDER LEASE (Not Option) In West Newton District

We are out of the beaten path. The Belle Vernon Anticline runs directly through our holdings at the base of which is the Syncline. This is all PROVEN TERRITORY of well defined proportions. Surrounded by several producing wells, notably the Greensboro Gas Co., which has a flow of 30,000,000 feet daily, and is several years old. Other large wells adjacent to some of our leases are owned by the Peoples Gas Co. The leases owned by this company are of such value and nature that they could be sold out immediately without sinking one well for four times the value of the Capital stock to large companies who value the acreage and who are in the best position to know their real value.

OIL & GAS

Company, Inc.

Contracts Let to J. H. RICE & CO. to Drill Ten Wells

SPEEDY preparations are being made to DRILL NO. 1 WELL, with NOS. 2, 3 and 4 WELLS to be started just as soon as conditions warrant. Our immense acreage is sufficient to drill in 300 good producing wells without the crowding process adopted by the smaller companies. REMEMBER, that the large GAS WELLS surrounding our leases are taken from an extraordinarily large supply, as these wells are holding out on the same amount of production since they were brought in years ago.

World's Greatest Skater

Feature Attraction at Roller Skating Rink

THURSDAY, FRIDAY AND SATURDAY, FEB. 19, 20 and 21.

The management of the Roller Rink have spared no expense in contracting for Billy Carpenter, the world's greatest exhibition roller skater who is to appear at the local rink in this city in his famous exhibitions on Thursday, Friday and Saturday nights of this week.

Mr. Carpenter is a gentleman of international reputation, having appeared in all of the largest and most famous rinks in the United States and Europe. Mr. Carpenter has been abroad on two different occasions, the first time during the big European roller skating craze in 1910 and the last time as one of Uncle Sam's "Doughboys" in the great war.

During Carpenter's service overseas he attracted the attention of the entertainment department of the army and was called upon to entertain the soldiers all over France and he did this with such good results that he was dubbed the star act of the A. E. F. Since the skater's return from overseas he has been very busy playing all over the United States with what is pronounced a skating sensation everywhere he appears.

The feats, dances and fancy evolutions that this skater performs are too numerous to mention, one must see them to understand his art.

He makes his appearance in beautiful costumes with two distinct changes at every performance. No doubt with such a feature attraction the local rink will be packed to the doors.

Maryland in History.

The city of Baltimore was founded in 1728, Frederick in 1745 and Georgetown in 1751. Maryland played an honorable part in the Revolutionary war, and in 1783 congress met at Annapolis, where, on December 23, after the conclusion of peace, Washington resigned his commission as commander in chief. In the war of 1812 the state suffered severely. Fort Mifflin was captured by the British fleet in September, 1814, this battle being the occasion for the writing of "The Star-Spangled Banner" by Francis Scott Key.

Musical Instruments of Insects.

Buzzing or humming of insects is mainly due to the rapid vibration of the wings, which often strike the air more than 100 times a second, but there is sometimes a special quivering instrument near the base of the wings. Chirping or trilling is due to some sort of "stridulating" organ, one hard part being scraped against another, as the bow of a fiddle—it may be leg against wing.

"Paradise Regained" on Cabbage.

It is said that John Milton often used to have nothing but a few olives for dinner, and we do not wonder so much since learning this that he so seldom wrote anything cheerful. We do not think we could write anything cheerful ourselves after dining on a few olives, though we have done it not infrequently on boiled cabbage and pruned whip.—Ohio State Journal.

Hawks Not All Enemies.

The department of agriculture says that of the 50 principal varieties of hawks 47 are of benefit to the farmer since they catch great numbers of rodents that injure crops. It is even said that a hawk on the farm is as valuable as a cow. There are three varieties of hawks that are deadly to chickens and should be shot on sight.

Excess of Food Blamed.

Dr. Fritchard, an English practitioner, believes that most of the digestive troubles of infants and young children are due to excess of food. And besides the direct derangements of the stomach and intestines these have an effect upon the whole system and may in the long run make it more susceptible to catching other diseases.

Lumberjack's Appetite.

We heard some time ago that the managers of the lumber camps had decided to refuse free feeds to the ragged lumberjacks, drifting from camp to camp, but not till we saw a lumberjack eat did we understand the fine impulse that led to the decision. After eating his fill, if one of the fellows should try to push his way down a logging road, he would get stuck between the trees and probably stay there until he starved.—Detroit News.

Maryland an Old State.

"Maryland, My Maryland," was one of the thirteen original states. In 1632 Cecilius Calvert, second Lord Baltimore, received from Charles I a charter conferring on him possession of the territory now forming the states of Maryland and Delaware. Thus he became a sort of feudal lord, in supreme authority over the colony. Maryland had a long list of proprietary and royal governors before it was organized as a state in 1777.

Date of Christ's Birth.

The Christian era, first used by a monk, Dionysius Exiguus, in the year 533 A. D. and adopted by Christian nations at a later period, was intended to begin with the birth of Christ. Dionysius is believed, however, to have made an error in fixing that event in the year of Rome 754 instead of 750. Christ's birth is now considered to have taken place in or before the year 4 B. C.

Ring Strangely Recovered.

A wedding ring was found in the stomach of a cod caught on the Grand banks. The ring belonged to Mrs. Pauline Burnham, an English woman, who had lost it when the steamship Anglo-Saxon went down in 1861. The fisherman traced the ownership of the ring and sent it back to the son of Mrs. Burnham, who is said to have rewarded him with a present of \$250.

Walking Snakes.

It is supposed that the early ancestors of modern snakes walked on four legs. Some big serpents, such as the boas, even now have rudimentary hindlegs. But the "feet" on which all snakes do their walking today are the cartilaginous extremities of their ribs. To preserve these is the greatest difficulty in the preparation of an opid-ian skeleton.

Healthy children gained new strength from the pure food elements of Father John's Medicine.

Read this Mother's letter

"Father John's Medicine has done wonders for my two children. Our little son was very delicate after having pneumonia. He was always complaining of a pain on his lungs. After taking three bottles of Father John's Medicine he had no more pain. My daughter also had a very weak throat, would have tonsillitis every few months. Father John's Medicine relieved her of that. I cannot speak too highly of the medicine." (Signed) Mrs. G. Miller, 732 Michigan Ave., Buffalo, N. Y.

Guaranteed free from alcohol or dangerous drugs.

Is Your Blood Starving For Want of Iron?

Modern Methods of Cooking and Living Have Made an Alarming Increase in Iron Deficiency in Blood of American Men and Women

Why Nuxated Iron so Quickly Helps Build Up Weak, Nervous, Run-Down Folks—Over 3,000,000 People Annually Taking It to Increase Their Strength, Power, Energy and Endurance.

"Is your blood starving for want of iron? If you were to go without eating iron that gives strength and power to change food into living tissue, says Dr. James Francis Smith, formerly physician of Bellevue Hospital (Outdoor Dept.), New York, and the Westchester County Hospital.

"Modern methods of cooking and the rapid pace at which people of this country live has made such an alarming increase in iron deficiency in the blood of American men and women that I have often wondered at the lack of people who lack iron in the blood, and who never suspect the cause of their weakness, nervousness, and lack of sufficient iron in the blood has ruined many a man's career and utterly robbed him of that life force and stamina which are so necessary to success and power in every walk of life.

"I strongly advise those who feel the need of a strength and blood builder to get a physician's prescription for organic iron—Nuxated Iron—or if you don't want to go to this trouble, then purchase only Nuxated Iron in its original packages and see that this particular name (Nuxated Iron) appears on the package."

In commenting upon the value of Nuxated Iron as a means for creating red blood, strength and endurance Dr. George H. Ecker, formerly physician and surgeon, Mon-

Which kind of man are you?

Which kind of woman are you?

much Memorial Hospital, New Jersey, says: "What women need to put iron in their blood is not a matter of stimulating drugs, but plenty of rich pure red blood. Iron is one of the greatest of all strength and blood-builders and unless this iron is obtained from our food it must be supplied in some form that is easily assimilated if we want to possess power, energy and endurance. I have found nothing in my experience so effective for helping to make strong, healthy red-blooded men and women as Nuxated Iron.

Sold by Piper Bros. and all other Drug Stores.

GAS DIVIDENDS

\$1.25 per share
20 wells

The McKeesport Consolidated Gas & Oil Co.

\$1.25 per share
20 wells

Declares Its First Dividend

At a meeting of the Board of Directors of the McKeesport Consolidated Gas & Oil Company held at the company's office in the Union Arcade Building, Pittsburgh, Saturday, February 7, a five per cent initial dividend was declared to be paid from the production of number one well that came in January 14 on the Hamilton lease, to be paid May 1st.

The company has adopted a policy of paying dividends from each well in the order that they are brought in. There are 19 other wells to be drilled in the present drilling campaign.

The Company's number two well is located 80 feet from the 20,000,000 foot Foster Stone House well, and the number three is located as an offset to the Philadelphia Company's gusher, and the Pittsburgh Drilling Company is the contractor for this well.

Number Four and Five will be drilled on the Amanda Foster Farm; Number Six and Seven on the Hamilton lease; Number Eight on the Amherst Terrace, and Number Nine on Bowman Heirs.

The remaining wells of the 20 will be drilled on the Hamilton lease and the Foster lease and the Derry and Donegal township tracts to the best advantage, and will be drilled as rapidly as the contractors can get the rigs built.

The Directors also authorized the statement that the company has 1,000 acres of additional selected leases in Allegheny and Westmoreland counties, thus giving the company an immense acreage for future drilling.

20—WELLS—20

I OFFER SUBJECT TO PRIOR SALE ANY PART OF 100,000 SHARES AT \$1.25 PER SHARE

Being guided by our locations, so close to other Gushers, we have every reason for sincerely believing that all of our wells will "come in" with gusher production.

One \$150 share in the Foster-Brendel Well has averaged a return of \$3,000 per month for the past four months.

This well is averaging \$225,000 per month since it was "brought in" last September.

Other wells such as the Pitts Well, the Lamp-Auld, Dutcher No. 1, the Foster Stone House Well and a score of others, are all earning enormous dividends for their stockholders.

The MCKEESPORT CONSOLIDATED GAS & OIL COMPANY offers YOU this opportunity to "get in" on the ground floor. Decide now how many shares you want—fill in the subscription blank below and mail it in with your check.

TWO CENTS

SENATOR HARDING'S ADDRESS FEATURES MONESSEN BANQUET

**Says Nation Must Get Back
To the Fundamental**

Law

MUST AVOID EXTRAVAGANCE

Four hundred guests were present at the tenth annual banquet of the Board of Trade of Monessen at the high school gymnasium in that city Tuesday evening. It was a milestone in the history of the organization of which the officers and members alike may well be proud, not only because of the distinguished guests who were on the speakers' list, but because of the good fellowship and spirit of optimism which pervaded the entire meeting.

The banquet hall had been tastefully and profusely decorated for the occasion, while two orchestras, one of which gave a number of vocal selections, added greatly to the pleasure of the occasion.

A splendid dinner was served the guests, this feature being in charge of the ladies, who had their duties so systematized that every detail was carried out with precision and despatch. There were no unnecessary waits, and guests were more than pleased with this feature of the event.

The distinguished guests were Senator Warren G. Harding of Ohio, Congressman-at-Large Thomas S. Crago of Waynesburg, and Judge James S. Beacom of Greensburg. A. N. Shuster, the retiring President of the organization first introduced the Secretary, Lorin Culler, who briefly outlined the activities of the Board of Trade during the past year, and then presented the toastmaster of the evening, Louis X. Ely, who was very happy in presenting the speakers, Judge Beacom speaking from the topic, "Individual Co-operation." Col. Crago from "Americanization and Our Responsibilities," while Senator Harding gave his attention to "Problems of Reconstruction." He spoke for over an hour and it was a masterful address.

He said that the Nation had gone far afield from the Constitution, our fundamental law, and he pointed out that the first essential was to get back to the paths outlined by this foundation of our liberties. The next great essential, he said, is to come to a realization of what made us what we are, so that we can cling to our boasted liberties and opportunities, and go on to greater accomplishments. He advocated freedom from war-time legislation, and said that business ought to be unshackled; cautioned against departure from representative democracy, and predicted that normal conditions would return provided the people of the nation were guided by thrift and avoidance of waste and extravagance.

Miss Ethel V. Harper, of 819 Shady avenue, teacher of piano, will teach you at home. 2161t6p

DEATH OF WELL KNOWN MONONGAHELA WOMAN

Mrs. Elizabeth Sherwood Lax, wife of Chris Lax, Sr., died at the home of her son, Chris Lax, Jr., Alexander street, Monongahela, on Monday evening, after a short illness of pneumonia. She was born in England in 1844 and had been a resident of Monongahela for 30 years. She is survived by her husband, three sons and three daughters. She was a member of St. Paul's Episcopal church of Monongahela. Funeral Friday afternoon at 2:30 o'clock, interment in Monongahela cemetery.

HAMILTON BOOTH TAKEN BY DEATH

At 1:30 p. m., Tuesday afternoon, at his home, Center avenue, North Charleroi, occurred the death of Hamilton Booth in his 67th year. He is survived by his wife, four sons, Edward of Brownsville, Harry and Lewis of North Charleroi, and Maurice of Charleroi; two daughters, Mrs. C. F. Shaw of Oakland, California, and Sara at home; one brother Robert E. Footh of Charleroi, and two sisters, Mrs. E. F. Shallenberger of Brownsville and Mrs. J. R. Taylor of Centerville.

He was a member of the Odd Fellows of Connellsville, of Charleroi; Elks, an honorary member of the Charleroi Circle, P. H. C., and a member of the First Christian church. Mr. Booth was born in Brownsville, February 26, 1852, a blacksmith by trade and had been employed by the United States government at the boat yards at Lock No. 4 until last December, when he was forced to resign on account of ill health.

Funeral services will be held at his late home, Thursday afternoon at 1:30 o'clock, conducted by Rev. John R. Burson, of the Washington Avenue Presbyterian church, interment in Bridgeport cemetery, Brownsville. Friends of the family are invited.

ALLEGED LEADER IS ROUNDED UP

William Patton of Monessen was committed to the Greensburg jail on Friday last, charged with burglary, highway robbery and carrying concealed weapons. With Patton's arrest the authorities believe they have the ringleader of a gang that has terrorized the Monongahela valley for months.

Enlargements. Have your favorite negatives enlarged to any of the popular sizes in black and white or sepia.

Good work and reasonable prices. is our motto. Bring them now before the Kodak season opens.

Mattie H. Kelley, 211 McKean Ave. 214-t6p

RIVA IS LOST TO W. & J. FOR SEASON

Washington and Jefferson College prospects in the relay, half and quarter mile events were hit hard this week by the announcement that Ed. Riva, the Charleroi boy regarded as the best half and quarter-mile runner in College had dropped out after the semester examinations a week ago, and would not return to College until next fall. Riva broke the half mile record in College, which was formerly held by Floto, who later went to Princeton and ran second to Ted Meredith at the intercollegiate meet at Franklin Field. The track enthusiasts will be glad to see Riva back in school next fall.

STATE TO CONTROL GASOLINE STORAGE

Storage and handling of gasoline and similar substances in Pennsylvania have been placed under state regulation by the Bureau of Fire Protection, a branch of the state police. Regulations designating uniformity of appliances are designed to minimize the hazard of explosion due to improper equipment and handling.

No tanks for the use of such liquids may be constructed hereafter without first submitting plans and specifications in accord with standards adopted by the bureau and obtaining a permit. Co-operation of municipal authorities has been asked and copies of the regulations sent to them.

SNAKE HOLLOW STILL PRODUCES BIG ONES

Another big gusher was born in the McKeesport gas belt Tuesday afternoon, when Hamilton No. 4, owned by the Foster-Brendel interests, and only a short distance from the big Foster well, came in with an estimated pressure of 12,000,000 cubic feet. When the gas was struck the bit was only half way through the Speechley sand and it was announced that the well would be drilled through the strata.

STIFF SENTENCE IS GIVEN LIQUOR THIEVES

Two colored boys, Joseph Thomas and Raymond Gordon, who were before the court at Washington on Tuesday, charged with stealing 61 quarts of whiskey from the cellar of the Washington resident, entered a plea of guilty, and it cost them \$120 each to settle the bill. The court said it would release them on parole provided they paid the costs. It is presumed the victim would rather have the liquor than the prisoners declared guilty.

WELSH SINGERS TO VISIT MONESSEN

Monessen is to be given a real musical treat in the near future, when the famous Mountain Ash Welsh Male Chorus will appear in that city on March 17, under the auspices of the Monessen Lodge of Elks. This is one of the largest and best Welsh musical organization traveling in the country. There are seventeen members of the chorus, all soloists, which will be understood and appreciated best by those familiar with Welsh singers. The only places in the Monongahela valley this organization will appear will be Monessen and Donora.

LARCENY CASE MAY NOT BE TRIED

The case against Eli Bizic and Mate Marunich of Ellsworth, who are held on a charge of robbery, will probably never be tried, for the reason that George Palakovich, the private prosecutor, has gone to Europe and may not return. The case, which was on the trial list for Tuesday, originally came before court at the May term, 1919, when the defendants were tried on the same charge. On that date a verdict of guilty was brought in by the jury, but sentence was suspended until May 26, in order to give counsel for the defense an opportunity to file a motion for a new trial. A new trial was asked for on the grounds of after discovered evidence and the courts finally granted the motion.

The defendants in the case are charged with robbing George Perakovich of \$480 on the night of April 11, 1919. The prosecutor alleged that he got up during the night and went outside, when he was attacked and beaten by the defendants and then robbed of his money. The case was stubbornly fought at the time, and after it was over the defense claimed to have discovered a witness who was with the defendants at the time the assault and robbery are alleged to have been committed. After the new trial was granted the prosecutor went back to his home in Europe.

W. C. Clark was called to Beaver Falls Tuesday afternoon by the illness of his partner, Mr. Kirk. The Beaver Falls store of the firm had a sale on which Mr. Kirk was conducting and his sudden illness made it imperative for Mr. Clark to go to that city to take charge of the work. He will be absent most of the week.

The flu epidemic, which has prevailed in Monessen for the past several weeks, shows signs of decreasing. Reports of the week end showed only 40 new cases, as against over 100 cases of the week previous.

UNUSUAL CASE IS HEARD BEFORE LOCAL JUSTICE OF THE PEACE

FORMER JAIL PHYSICIAN DIES IN WASHINGTON

Dr. David Hamilton Lewis, one of Washington's most prominent physicians, died at St. Francis hospital, Pottsville, on Tuesday, after a short illness, aged 69 years. Dr. Lewis was for many years jail physician, and served under several Sheriffs of the county. He was a native of Greene county, and had practiced medicine in Washington for about thirty years.

COKEBURG "DIRTY DOZEN" ON TRIAL

The "Dirty Dozen," an organization of alleged rowdies of Cokeburg, had its innings Tuesday afternoon before Judge McIlvaine in the criminal court of the county. Five members of the reputed organization were placed on trial on charges of felonious breaking and entry and breaking.

The five defendants were accused of entering the store of Jack Hirsch at Cokeburg, early in the morning of December 19 last, and taking \$24.90 in money from the cash drawer and a quantity of goods consisting of shoes, sweaters and yarn. The window was broken and other goods thrown out on the street.

The five defendants were identified by the proprietor of the store and his wife, who also testified that when called to during the robbery, replied by firing a shot through the window. Hirsch also testified that the Cokeburg constable refused to make the arrest when he swore out a warrant against the defendants, alleging he was "afraid of the bunch."

The defense was a flat denial of the charges supported by an alibi. The defendants all claimed that they had spent the entire night and morning of December 18-19 in the Moose club at Cokeburg, and when seen by the private prosecutor were going home. They admitted that they had been drinking during the night and that the ginger had been purchased at Hirsch's store. The case was still on trial when court adjourned Tuesday afternoon.

WILL EXPEDITE THE MAIL SERVICE

There is expected to be a general speeding up of mail service throughout the United States as soon as the railroads go back to private owners. Preparations now under way by the railroads, as observed by the post-office officials, indicate that the different lines will begin as soon as possible their competitive trains for both passenger and mail service.

Kerfoot W. Daly who was quite ill for the past three weeks with an attack of pneumonia, was able to return to his duties on Monday.

Death of Wife Charged To Neglect of the Husband

MAY REACH THE COUNTY COURT

A case with rather unusual features involving alleged neglect on the part of a husband while his wife was seriously ill and who subsequently died, was heard before Justice J. P. Whitehead last evening.

Information was made by Chief Albright, acting as humane officer of the borough, against a man named Setto, who lives at Meadow avenue and Tenth street, in which it is alleged that he willfully neglected his wife while she was critically ill with pneumonia, refused to get any medicine for her, and in other ways showed an indifference to her condition, although the woman was in the last stages of the disease.

The case first came to the attention of the local police, who understood the woman was suffering from influenza. On making an investigation they found the woman suffering from pneumonia and Dr. Hill was summoned to attend her. As the evidence showed last night he prescribed and directed that certain medicine be secured at once for the patient. This the husband, failed to do, his only excuse being that "they didn't get along very well together." Dr. Hill's testimony was to the effect that if the woman had received the ordinary care of such patients that she would undoubtedly have recovered.

It developed during the trial that Mrs. Setto had been previously married, having one child by her first husband. After marrying Setto there seemed to have been differences between the two and at one time Mrs. Setto had her husband before court on a charge of non-support. When the court gave its decision she understood she was required to return to her home and live with her husband. This she did, but the relations did not improve, and during the illness of the wife, which resulted in her death at the local hospital last Saturday, it is charged the husband was practically indifferent to her condition.

Justice Whitehead is holding his decision until he obtains more light on the subject, and whether he has jurisdiction. In the meantime Chief Albright, who was in communication with the humane authorities in Pittsburg today, was informed that the humane laws related to children and aged and helpless people, as well as animals, and that the case was one for the district attorney to take cognizance of. As the Chief will be in Washington tomorrow he will consult that official with a view of having some action taken.

Before being taken to the hospital Mrs. Setto asked a friend of hers, Mrs. Kalkavich, to take the child and raise to his duties on Monday.
